Our Value Proposition

Our services encapsulate many years of operations experience across diverse industries and geographies.

We offer flexible engagement options and services tuned to your enterprise situation to drive sustainable business outcomes.

Our field-tested assessment framework will identify the causes of the challenges, their influences on performance, any systemic issues, and establish go-forward actions.

Our game-changing mentoring helps companies identify and neutralise the pitfalls of buying software products and services from IT providers.

Our mentoring helps project owners improve discipline and approach on how to eliminate surprise in project execution.

SERVICES

OPERATIONS TROUBLESHOOTING

If you're facing margin erosion or services delivery issues; if your risk-reward assessment is inadequate; if turnaround actions do not produce satisfactory outcomes, then you could benefit from our expertise.

ACTUAL HORIZON uses a comprehensive approach to identify causes of influencing performance and any systemic issues that may exist. We establish go-forward actions for sustainable business outcomes.

PROJECT ASSURANCE

Many companies in countries around the world have projects in trouble. If you're worried about your project, or unsure of its delivery performance, what's the solution?

ACTUAL HORIZON uses an objective and comprehensive **Project Performance Evaluation** framework to pinpoint factors influencing execution, establish improvement actions and eliminate surprise.

GAME-CHANGING MENTORING

HOW TO ELIMINATE THE RISK OF SURPRISE IN PROJECT EXECUTION

Actual Horizon mentors project owners through effective project oversight processes eliminating potential project execution surprises.

BUYING SOFTWARE PRODUCTS & SERVICES FROM AN IT PROVIDER - KNOW THE PITFALLS

ACTUAL HORIZON supports a company in identifying and addressing hidden issues in prospective proposals when buying software or services from IT providers.
